

Announcement: Open PhD position

Swiss National Science Foundation funded position for doctoral studies under the direction of Prof. Donna Testerman, at the Ecole Polytechnique Federale de Lausanne, in Lausanne, Switzerland.

The position is open to be filled any time between June 2013 and March 2014.

The area of research is algebraic groups, finite groups of Lie type, Lie algebras and representation theory.

Interested candidates should send an e-mail to donna.testerman@epfl.ch, and include a copy of their undergraduate (and masters) grades, as well as the names and e-mail addresses of two references.
