

Summer School in Cologne

Dynamical Systems, Mathematical Billiards, and Related Problems in Complex Geometry

University of Cologne, July 16-20, 2007

■ Speakers, Working Group Mentors

Martin Möller (Max Planck Institute, Germany)

Karl Friedrich Siburg (University of Dortmund, Germany)

Sergei Tabachnikov (Penn State University, U.S.A.)

■ Senior Speaker

Curtis McMullen (Harvard University, U.S.A., Fields Medal 1998)

■ Participants

Postdocs and advanced graduate students.

■ Organizers

Hansjörg Geiges and Stefan Kebekus (University of Cologne, Germany)

■ Application, Information

The deadline for applications is April 30, 2007. Financial support is available.

For more information and an application form, visit the summer school

homepage at: <http://www.mi.uni-koeln.de/~gk/school07>

■ Sponsors

Graduiertenkolleg “Global Structures in Geometry and Analysis”

Deutsche Forschungsgemeinschaft

Mathematical Institute of the University of Cologne

■ Local Organization, Contact

Annette Koenen <gk-admin@math.uni-koeln.de>
